

***DENTAL
NURSING IN
GLASGOW***

¿Cuáles son las tareas del Auxiliar Dental?

Básicamente apoyar al dentista en su actividad con los pacientes

Esto incluye:

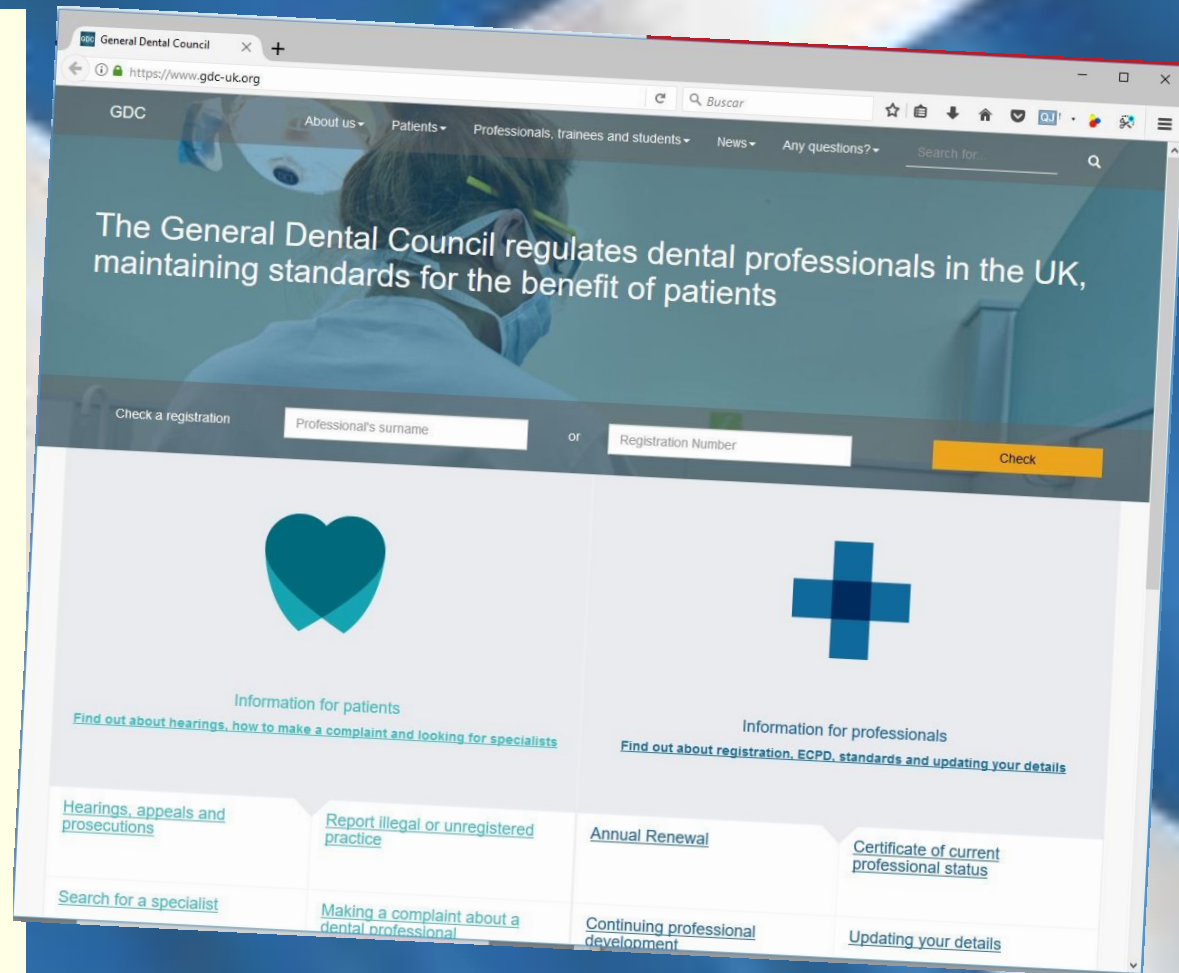

- Preparación de instrumental para las diferentes técnicas dentales*
- Preparación de materiales de restauración*
- Asegurar el confort del paciente*
- Tomar anotaciones específicas (odontogramas, etc.)*
- Recoger la consulta*
- Esterilización de materiales*
- Colaborar en las tareas de recepción y despedida de pacientes*

Inicialmente, no es necesaria ninguna cualificación académica para trabajar como aprendiz de auxiliar dental, pero tras un tiempo es habitual que el empleador solicite la obtención del título porque el tiempo máximo para mantener a un aprendiz son dos años

Regulación de la profesión: el General Dental Council (GDC)

El GDC es la organización que regula a los profesionales dentales en el Reino Unido. Es un requerimiento legal que todos los dentistas, enfermeros dentales, técnicos dentales, higienistas, odontólogos y ortodoncistas estén registrados en el GDC para poder ejercer en el país

Su página web es www.gdc-uk.org

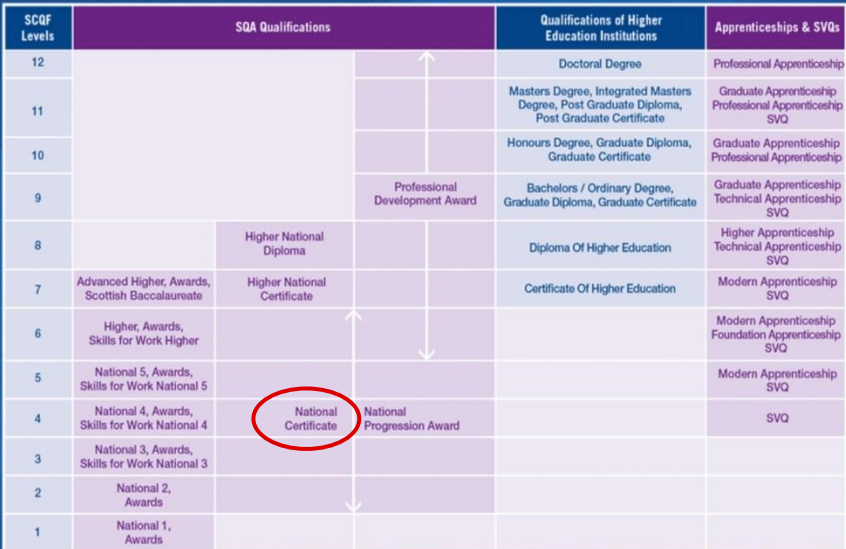

¿Qué se necesita para la formación?

Se requiere una formación mínima a nivel de **GCSEs** grado **D** (Certificado general de Educación Secundaria de nivel básico) para los estudios a tiempo parcial y de **grado A/AS** para cursos a tiempo completo, aunque esto depende de las escuelas

THE SCOTTISH CREDIT AND QUALIFICATIONS FRAMEWORK

This Framework diagram has been produced to show the mainstream Scottish qualifications already credit rated by SQA and HEIs. However, there are a diverse number of learning programmes on the Framework which, due to the limitations of this format, cannot be represented here. For more information, please visit the SCQF website at www.scqf.org.uk to view the interactive version of the Framework or search the Database.

The diagram illustrates the Scottish Credit and Qualifications Framework (SCQF) with four main columns: SCQF Levels (1-12), SQA Qualifications, Qualifications of Higher Education Institutions, and Apprenticeships & SVQs. Arrows indicate progression paths between levels. The 'National Certificate' is circled in red at level 4.

SCQF Levels	SQA Qualifications		Qualifications of Higher Education Institutions	Apprenticeships & SVQs
12			Doctoral Degree	Professional Apprenticeship
11			Masters Degree, Integrated Masters Degree, Post Graduate Diploma, Post Graduate Certificate	Graduate Apprenticeship Professional Apprenticeship SVQ
10			Honours Degree, Graduate Diploma, Graduate Certificate	Graduate Apprenticeship Professional Apprenticeship
9		Professional Development Award	Bachelors / Ordinary Degree, Graduate Diploma, Graduate Certificate	Graduate Apprenticeship Technical Apprenticeship SVQ
8		Higher National Diploma	Diploma Of Higher Education	Higher Apprenticeship Technical Apprenticeship SVQ
7	Advanced Higher, Awards, Scottish Baccalaureate	Higher National Certificate	Certificate Of Higher Education	Modern Apprenticeship SVQ
6	Higher, Awards, Skills for Work Higher			Modern Apprenticeship Foundation Apprenticeship SVQ
5	National 5, Awards, Skills for Work National 5			Modern Apprenticeship SVQ
4	National 4, Awards, Skills for Work National 4	National Certificate	National Progression Award	SVQ
3	National 3, Awards, Skills for Work National 3			
2	National 2, Awards			
1	National 1, Awards			

Además, se espera que los aspirantes tengan un trato agradable, actitud responsable y voluntad de estudiar y de afrontar las actualizaciones profesionales

Vías de acceso a los estudios

La gran
mayoría de
los
aspirantes

1. Encontrando trabajo
como aprendiz y
solicitando una plaza en
una escuela

2. Consiguiendo plaza en una
escuela que cuente con dentistas
colaboradores para las prácticas

3. Solicitando un curso a tiempo
completo en un hospital dental
con actividad docente

Obtención del título: National Diploma in Dental Nursing

¡IMPORTANTE!

*El título no se obtiene directamente en la escuela como ocurre en España. La escuela prepara al candidato pero éste tiene que pasar un examen a nivel nacional en el **NEBDN** (National Examining Board for Dental Nurses)*

El alumno tendrá que demostrar que posee las competencias descritas en el currículum oficial y que se agrupan en

- clínicas,*
- comunicativas,*
- de profesionalidad y*
- de gestión y liderazgo*

La evaluación comprende dos partes

A- El Registro de Experiencia

Es un registro de las actividades realizadas durante las prácticas. En él deben constar la descripción de tareas hecha por el propio alumno con su reflexión sobre el aprendizaje, y también la valoración que el tutor de seguimiento y el propio equipo dental hacen de las mismas.

Se puede cumplimentar online durante el periodo de formación o utilizar otro formato oficial que decida la escuela

NATIONAL DIPLOMA IN DENTAL NURSING
COURSE HANDBOOK FOR RECORD OF EXPERIENCE

PRACTICAL EXPERIENCE RECORD SHEET

Unit 4 Section 1: Cavity Restoration Procedure

Student Dental Nurse's Name: Fiona Saxby	Date of Assessment: 16.7.13
The Practical Experience Record sheet is a true representation of my own involvement in the task described.	
Student Dental Nurse Signature Fiona Saxby	
1. Restorative procedure carried out	
Guidance Notes: Students should state the procedure carried out. Students should explain how the clinical area was made ready for the procedure, how they assisted both the clinician and the patient during the procedure, and be able to describe their role during the procedure. Students should describe the patient on which treatment was carried out.	
Patient was a female adult Composite filling in upper left 2 Surgery already set up - working all day Got all equipment and instruments ready, brought patient into surgery and put on their PPE Helped dentist - passed instruments, aspirated, passed materials, gave patient mouthwash after, took to reception to make next appointment and to phone taxi	

NEBDN National Diploma in Dental Nursing

Qualifications

Where can I study? | How do I apply? | **Resources** | 2017-20 Exam Schedule

The NEBDN National Diploma in Dental Nursing is a General Dental Council (GDC) recognised dental nursing qualification which covers all outcomes described within the GDC Preparing to Practice document.

The purpose of the qualification is to prepare trainee dental nurses in the foundations of dental nursing so they can demonstrate the highest standards in terms of knowledge, skills and professional attributes.

The skills you will gain upon completion of the qualification are described within the extensive curriculum under the domains of Clinical, Communication, Professionalism and Management and Leadership.

The qualification comprises of a formative workplace assessment, the Record of Experience, which enables the workplace team to become an integral part of the training of the trainee dental nurse.

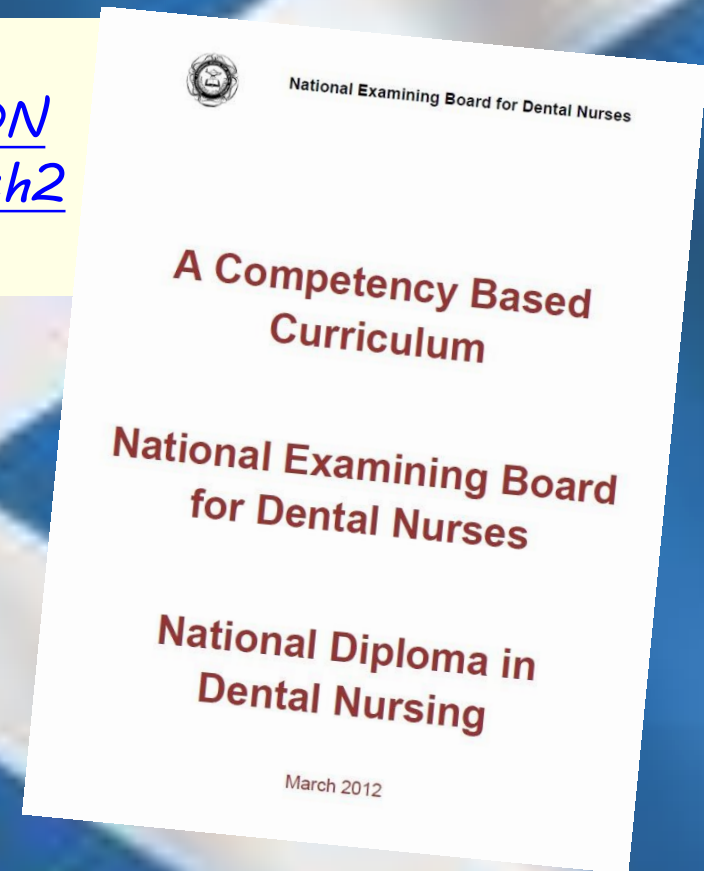

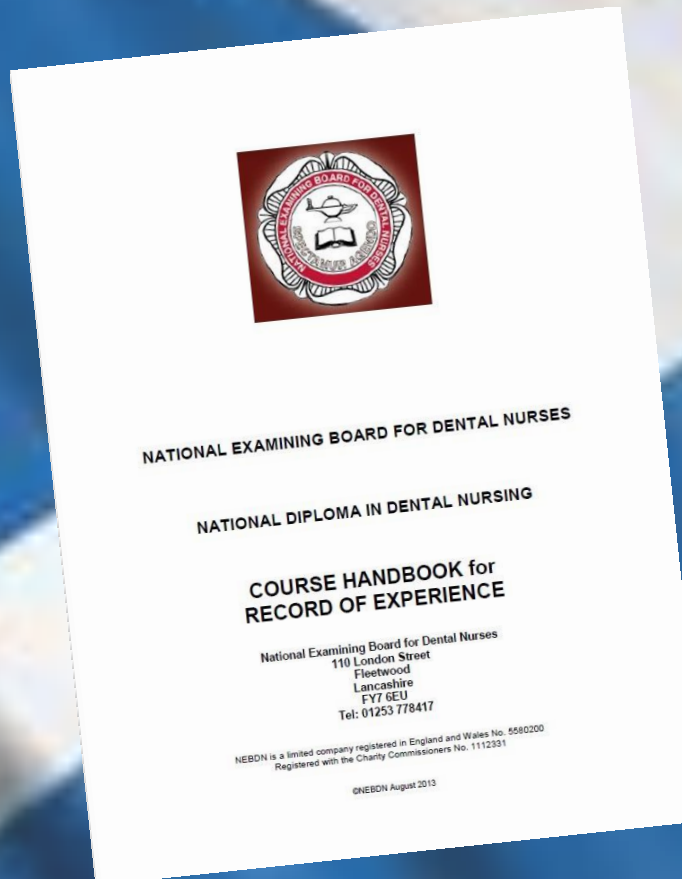

The summative assessment comprises a written and practical component aimed at assessing knowledge and decision making to demonstrate trainee dental nurses' understanding and competence. The summative assessment also adheres to current educational best practice.

The result is a qualification that we're proud of - one which enhances teamwork within the dental practice and gives peace of mind to both trainee and dental practice that they have completed a robust qualification and can

Como se puede apreciar en su página, la oferta es mucho más amplia y con opción a niveles de cualificación más elevados

Os recordamos las equivalencias de los niveles de cualificación profesional en el marco general y la significación de los diferentes certificados/diplomas nacionales

National Certificate

A National Certificate (NC) is sometimes suitable for students with no formal qualifications. They offer practical help in developing skills for work and can, in some instances, provide access to higher level programmes such as an HNC or HND.

NC, NA or NQ programmes are a combination of academic theory and practical work

Higher National Certificate

A Higher National Certificate (HNC) takes one year to complete. Successful completion of an HNC allow applicants to apply to a HND programme (in the same subject). It may also be possible to progress to Year 1 or Year 2 of a university degree programme with suitable grades from an HNC.

Higher National Diploma

A Higher National Diploma (HND) takes one year to complete and is only undertaken after successful completion of the relevant HNC. It is a valuable higher level qualification which can lead to employment. Alternatively graduates on some courses can transfer to the second or third year of a university degree course.

Degree

A degree is an academic award given upon completion of a course of study lasting three or more years. A Bachelor's Degree often takes four years, but candidates completing an HND can offer be transferred onto second or third year of a degree course. Earning a degree can open up more potential doors to a student than a certificate or diploma alone as many employers require an applicant to have at least a bachelor's with several requiring an this.

El New College Lanarkshire ofrece, por tanto, enseñanza superior además del Dental Nursing nivel 5 que ofertan en el West College of Scotland

¡Y se nota en sus instalaciones!

*Los grupos son de 12 a 15
alumnos solamente*

Glasgow Dental Education Centre

Finalmente fuimos a visitar el centro educativo que el Sistema Nacional de Salud (NHS) tiene en el hospital dental de Glasgow

Se corresponde con la tercera modalidad de obtención del diploma en Dental Nursing: aprendizaje conjunto de contenidos y prácticas en un hospital dental

Hay que reconocer, y agradecer, que nuestros anfitriones se esforzaron por darnos una perspectiva completa de su sistema.

Dental Nurses

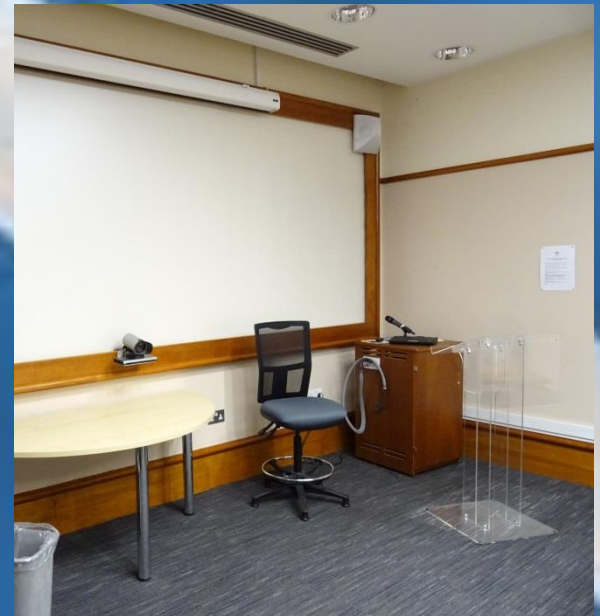

Dental nurses are members of a group of Dental Care Professionals (DCPs). Registration with the General Dental Council (GDC) is mandatory for all groups of DCPs. Therefore dental nurses must gain a primary qualification to allow them to work as part of the dental team and register with the GDC.
